M. HENRY McINERNEY

Forty-four years ago, our former Headmaster of Brighton High School, Mr. M. Henry McInerney began his career in the City of Boston schools as Junior Assistant Teacher at Brighton High School. For twelve years he held this position until he was promoted to the position of Head of Department at the Boston High School of Commerce. During World War II he served as a Naval Officer for three and a half years, and then returned to the Boston School System, where he was appointed to organize the Boston School for Veterans. He served as the principal of this school until 1950, when he was appointed Headmaster of Girls High School of the City of Boston.

In 1956 when the opportunity arrived to return to Brighton High, Mr. McInerney requested the transfer and returned as Headmaster. Last June, after serving fourteen years in that position, during which time many changes took place, he retired. We hope that he is enjoying his retirement.

It is with pride, honor and affection that we dedicate our Gothic to Mr. McInerney.

Headmaster's Message

Mr. Joseph F. Callahan

During your three years at Brighton High School, you witnessed many changes, both in your school and in the world around you. Man has landed on the moon and computers have come to control the world. Scientists have found the cures to many diseases and are close to finding the cures to many more. Yes, we have progressed and we have developed much to make life easier for man, but in doing so we have also polluted our earth. It is not necessary to describe the extent to which we have damaged our environment; we must all be aware of that. Instead we should try to think of how we, as individuals, can alleviate this problem. What kind of world do you want your children to have? It is your decision to make.

I wish you Godspeed as you move into the larger world and take your place in the struggle to improve our human condition.

Joseph F. Callahan
Headmaster

Assistant Headmaster's Message

Mr. Francis O. Tracy

We as representatives of Brighton High School must participate as a team in all segments of school life. In this way we can carry into fruition constructive programs which will be germane to a successful educational year.

The faculty and student body of Brighton High School are challenged each year to maintain and strengthen the high traditional standards, personal and academic, of the school. All of us have a share in the organization and operation of this school. We have rules which are applicable on a sound basis to everyone. In other words, the reputation of Brighton High School is our mutual responsibility.

I am pleased to be a member of this team and look forward with enthusiasm to serving with all under the leadership of Mr. Callahan, our headmaster.

Remember

Mr. Ralph Wellings

MR. WELLINGS' FAVORITE SAYINGS

There are two good reasons for teaching school — July and August.

Remember the postage stamp: it sticks to one thing 'til it gets there!

Don't Cheat! Stop copying the other guy's mistakes.

Turn on brain before opening mouth.

Success consists in the ability to glue the seat of the pants to the seat of the chair.

Remember time is passing — are you?

On September 30, the Science Department lost one of its most valued members. Mr. Ralph Wellings, who had been head of the department for nineteen years, retired. Mr. Wellings had been a teacher in the Boston School System for more than forty-five years. Before he came to Brighton High, he was the Head of the Science Department at Dorchester High. Now that he is retired, Mr. Wellings will continue to teach physics at Northeastern and will occasionally substitute at Brighton.

For three years the administration has been talking to us through the P.A. They have informed us of meetings, cancellations, and the illegality of parking in front of the school. The administration is the backbone of the school.

Art

Miss Brennan, a Massachusetts College of Art graduate, is also a Brighton High School graduate.

Miss Norkus wants her students to know that art is an enjoyable subject, and she hopes they find her classes enjoyable, too.

Miss Claire Brennan, Head of Department

Music

The Music Department has grown greatly since our sophomore year because of the diligence of Mr. Cappers. As director of the Glee Club, he has given us many enjoyable assemblies.

Mr. Alexander Passaretti, Co-ordinator of the Automotive Course

Mr. Albert Introini

Automotive

The Automotive Department prepares the boys to become first-rate mechanics. The course takes five years. For one week the boys attend classes where they are taught to solve problems that may occur on their jobs. Then in their regular high school subjects they are able to use the material they have learned in class.

The dedication of their teachers and the hard work of the boys make the program successful.

English

Our English Department is headed by Mr. Spracklin, a graduate of the University of Massachusetts and a recipient of a Master's Degree from Boston College. In our junior year, this Department offered a CEEB course to prepare college-bound students for their college entrance examinations in English. The course includes an extensive study of vocabulary, word derivations, and grammar.

Mr. O'Brien introduced the idea of a school newspaper to allow students to express their ideas. He acts as an advisor to those students who comprise the staff. In addition to teaching English, Mrs. Caraber aids the members of the *Gothic* staff in advising them and guiding them in the preparation of some of the material. Mrs. Bates holds the important position of advisor to the Towers, our school magazine. Miss Kandraska, Miss Norton, Miss Welsh, Miss DaDomo and Mr. Campbell teach English to students of both the college and the business courses, while Mr. Gilarde teaches English in the automotive department.

Language

This year, in addition to French, Spanish, and Latin, the Language Department is offering a new course, English as a Second Language. Introduced to meet the needs of the increasing number of foreign students, this course emphasizes sentence structure and vocabulary. It is presently being taught by Miss Miller, who also teaches Spanish.

Miss Pelletier continues to efficiently run the Language Department by maintaining her fluency in languages through constant travel. This year she is teaching Latin in addition to French. Miss Burke, Miss Sullivan, and Mr. DiMasi broaden our horizons as they teach us French and Spanish.

Mathematics

To keep pace with the modern world, Brighton High installed a computer in Room 311 two years ago. The Math Department designed a course in elementary computer programming to familiarize students with the operation of computers. Students in algebra, trigonometry, and pre-calculus classes are also required to use the computer to solve homework problems.

Mr. Casey, Head of the Department, and Mr. McCarthy, use the computer to determine schedules for every student.

Mr. Doherty teaches algebra and geometry and is also in charge of the Visual Aids Department.

Miss Tobin teaches geometry, algebra and trigonometry while Mr. Gould teaches geometry, basic math and computer programming.

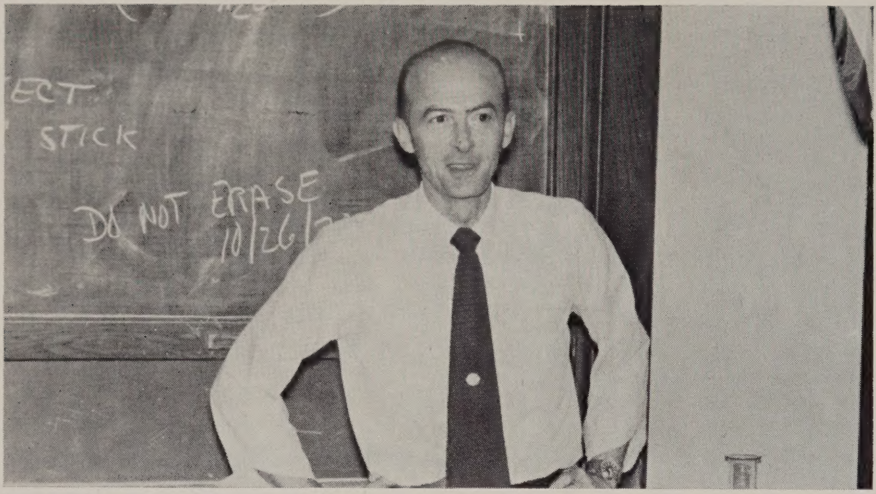
Mr. Robert McCarthy



Mr. Richard Pieri, Head of Department

Science

Mr. Wellings, head of the Science Department for nineteen years, retired this year and was replaced by Mr. Pieri. Mr. Pieri came to us from South Boston High School, where he had been a physics teacher for ten years. As a department head, his goal is to completely modernize the biology, physics, and chemistry laboratories. So far he has succeeded in replacing some laboratory equipment.

Mrs. Hamedeh, on a temporary leave of absence, is awaiting the arrival of her first child. Mr. Healy and Miss Nelson and Miss Hurley enlighten us in biology and chemistry while the new members of our science department, Mrs. Whitten and Miss Feeley, teach biology, physical science and health education.

Physical Education

Who will ever forget gym?! Playing basketball . . . chasing the squash ball down the hill . . . dressing in a freezing locker room . . . having the two seconds to dress and make it to a class on the third floor before the bell rings.

Mrs. Pope, Mrs. Benowitz, Mr. McGuiness and Mr. McCarthy — we will never forget gym.

In health classes Mrs. Moynihan and Colonel Sullivan taught us the fundamentals of living. We acquired useful knowledge from health classes that we can use throughout our lives.

Mrs. Lois Woods

Mrs. Woods, a Michigan State graduate, teaches the girls sewing. Her good advice we often needed. Sometimes we found that we had not purchased the right material. Thank you, Mrs. Woods.

New in our senior year is Mrs. Johnson whose teaching assignment before Brighton High was in Sioux City, Iowa. We are glad she has come to Brighton. A great cooking teacher equals good food.

Class Poems

The leaves were green,
Blowing from the September wind.
They turned gold and red and fell.
Snow and ice covered the winding hill.
We have walked the path for three years
Side-stepping puddles, slipping, and sliding,
Always trying to beat the bell.
We have slowly walked up the hill
And quickly run down it.
In spring we have sat under the trees
And dreamed of summer vacations,
And now as the leaves are green again
Our thoughts are of the rest of our lives.
Will we be successful?
Will we be happy?
Will our dreams be fulfilled?
We do know that we will have
Hope, Determination, and Friendship
When we walk down the hill
For the last time.

Andrea Hinds

Now our ship will be launched from this serene harbor
On a wondrous and mysterious journey.
The way our ship was built will determine how well it will sail,
How it will weather the storms, how far it will go;
Each port will become a milestone.
Thus far we have been protected from the realities,
The uncharted waters of life.
But the light of these years will guide us and our destinies;
We have been prepared to choose the direction of our journey.

The friendships and joys of yesterday will live on in our hearts forever.
The winds may blow hard,
But they can never blow these memories away.
For life must have continuity,
Yesterday must come before tomorrow.
Our future is uncertain — always a vision, a hope, a dream —
We are certain only of today and yesterday.

Our future is only as good as our past,
For it was in yesterday that tomorrow's foundation was built.

To the Cafeteria Staff – a cookbook and more exotic menus.

To the Custodians – work.

To the Juniors – the luck of being at Brighton High for another year; class dues, and homework assignments.

To the Sophomores – our sympathy and the echoes of our voices in the corridor halls.

To an interested BHS connoisseur – Marion Wright's luncheon seat so that he can really enjoy the art of fine eating.

To all my friends in the Class of '71 – A man should so live as to be like a poem. A thing should so look as to be like a picture. One thing very important in our life is to have a great aim, and the determination to attain it. I would like you to keep this in mind forever.

Good luck to all of you. (Chor Hong Lee)

To the Class of '71 – We are not here to dream
To drift or play,
But to be strong; it is God's will.

Cheerleaders

This year's cheerleaders have gone through a rigorous training program. They practiced one day a week until summer vacation; and then worked out three nights a week, three hours each night, every week during the summer.

The life of a cheerleader is not all glamour and lights. All this hard work paid off when they were complimented for the excellent job they were doing. An added attraction at our football games this year was the presence of two mascots, Kathy McGuiness and Tracie MacDonald.

The 1970 football team proved to be a very exciting one as our Bengals posted their best season in thirteen years with a record of five wins against three losses. The season, however, did not begin in a joyous fashion as we dropped the first three games. But once again the hard work and dedication from our players paid off as we became one of the most exciting teams in the District League, posting five consecutive victories against such teams as Dorchester, Hyde Park, Trade, Jamaica Plain, and rival Charlestown, whom we defeated for the second year in a row in the annual Thanksgiving Day game.

Coaches Bob McCarthy, Tom Lerra, Tom Hennessey, and Bill Mahoney agreed that this year's squad led by Captains Jack McGuiness and Bob Johnson, was one of the best with whom they have ever worked. Some of our standouts on the team were Bill Swiecicki who, after starting the season rather slow as the new quarterback, came back strong to lead his team to victories. Chris Andrews along with Howie Franklin had a tremendous year to end their careers at Brighton High in a happy tune. Other members of the team who contributed as much were Luther Allen, Gerry Barry, Roy Lowre, Paul O'Connor and Jody Reardon.

Very concerned

Coach Bill Mahoney

Having only four seniors returning, and a handful of inexperienced juniors, Coaches Bill Mahoney and Tom Hennessey set out to rebuild our basketball team. Despite the many efforts that our team made, the unfamiliarity of playing with one another led to a dismal season. Nevertheless Captain Bob Reid never gave up on his team as he continually kept them in a hustling atmosphere. John Shay, Bill Alexander, and Mike Elliott, along with the young squad proved that they could score against any opposition, and at times amazed spectators with their excellent ball control. Regardless of the many hardships that we faced this year, we know that it is only temporary, for the future looks bright for these talented young men who will provide us with a squad that certainly next year will put us on the winning columns once again.

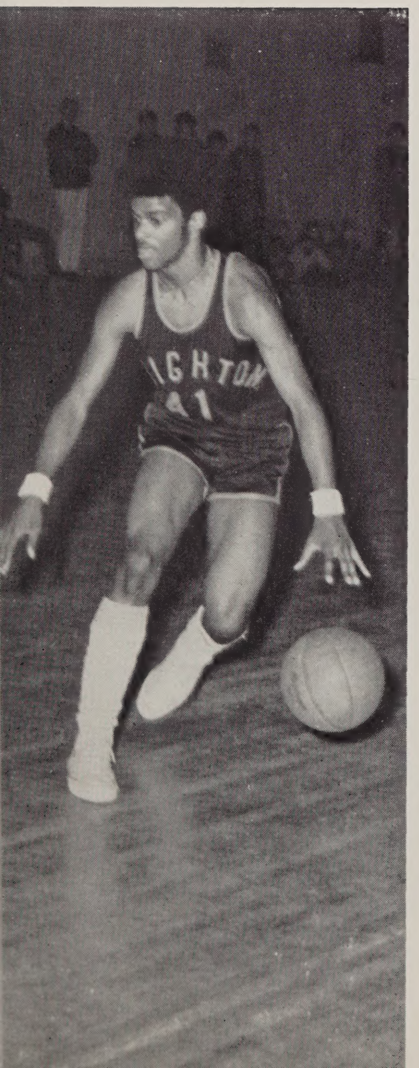
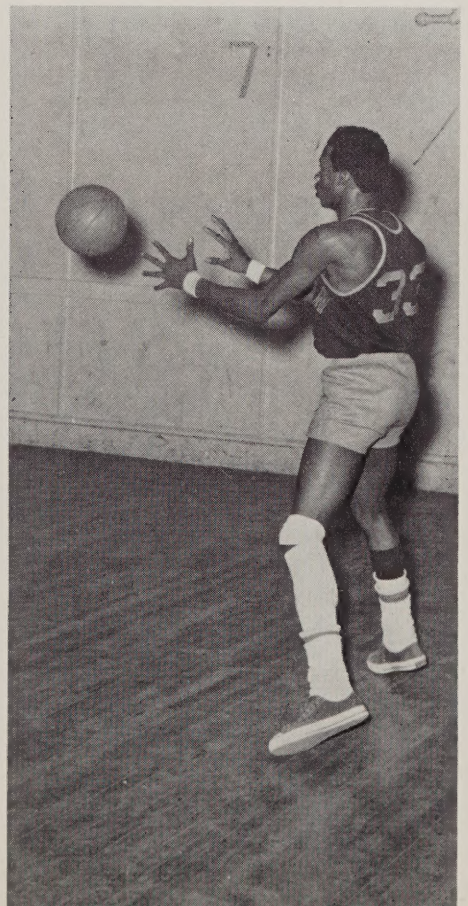
Basketball





Without a question our hockey team proved once again to be among the best in Division II play, as we defeated every team we faced except Hyde Park who stopped us for our only losses, This group of talented young men was led by Captains John Novak and George Frongello and coached by Mr. Sheehan who once again did an outstanding job of keeping his team in competitive condition. George Frongello did an excellent job of goal-tending as he made continuous saves that later resulted as winning plays. We also set a precedent in Schoolboy Hockey, as we had the first two girl-managers they being Jo Ann Mitchell and Susan Orant. Also helping to give the school success were John Cook, Jack Marotta, Frank Palkey, and Bill Swiecicki.

Track

Our track team posted a winning record of eight wins against three defeats to boost our school record to 31 victories with only 6 defeats in the last four years. Once again our team went all out for the District Championship only to be stopped once more by a stronger opponent, this time by a margin of only two points. Much of our success has come from the tradition of winning that Mr. Lerra, our coach, has set for our men. This year we were led by Tri-Captains Chris Andrews, Joe Reardon, and James Reilly, who set a fine example as leaders and kept the team together throughout the season. Other members of the team were John Coleman, John Cook, Jose Espinosa, Jack McGuiness, and James Vlachos.

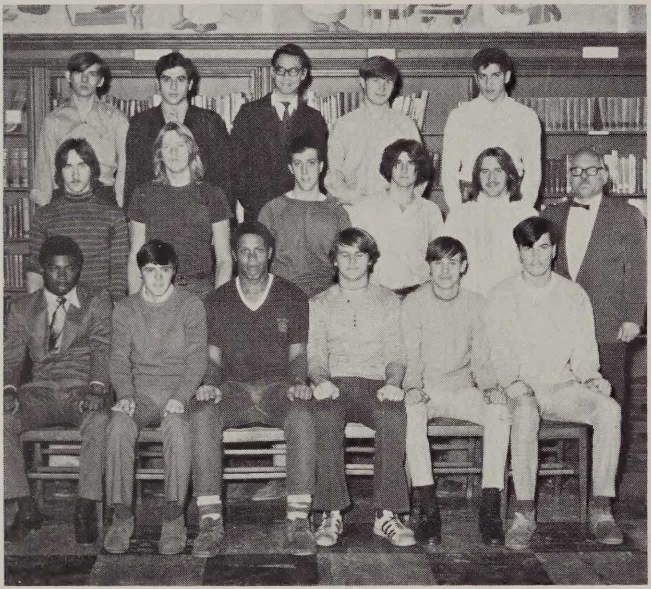
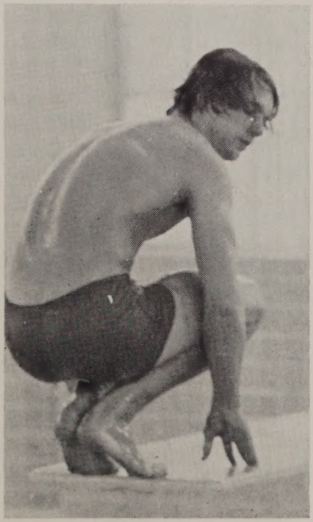
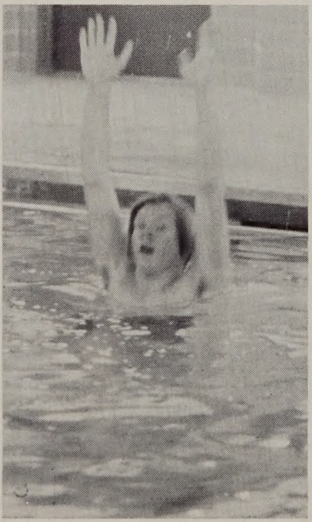
Swimming

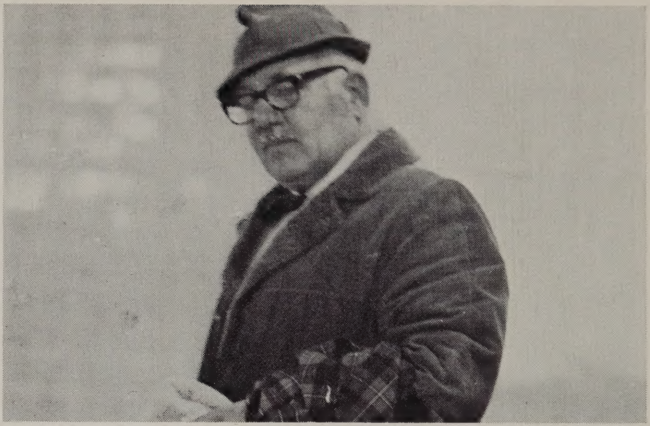
In its second year, the Swimming Team has managed to make many improvements, perhaps the most important being the acquisition of excellent young swimmers who braved the cold mornings to practice. This group of fine athletes was led by Captains Bob Johnson and James Clifford who proved to be for countless times the backbone of the team. Lack of experience once more was a major factor for our losing the meets. However aspiring swimmers swell the ranks every year, and we are confident that Coach Joseph Ciccui will have abundant talent in the not too distant future. Graduating members of the team were Gordon Carmello, Robert Proctor, Steve Reeves, Joe Reardon, and Bob Johnson.



First row: Henry Smith, Carl Rocco, Bob Johnson, Joe Reardon, Paul McManus, Stephen Proctor. Second row: Steve Reeves, James Clifford, Andrew Moruzzi, Gordon Caramello, Dennis Black, Mr. Cicciu (Coach). Third row: David Murray, Elias Mahid, Thomas Mui, Gerry McPherson, Alfred Anzaldi.



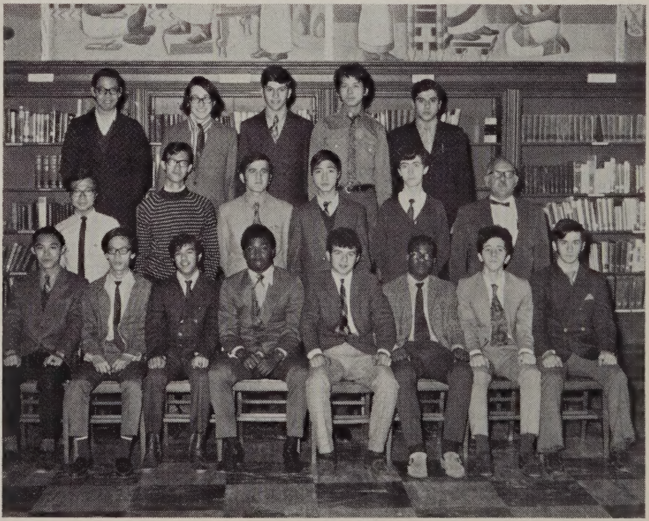




Coach Joseph Ciccui

Soccer

For the first time in its three years of existence our soccer team, coached by Mr. Joseph Ciccui, posted a non-losing record of five wins, five losses, and one tie. Led by Captain Henry Smith our team went on to defeat Roslindale and Technical twice, East Boston once, and tie Latin once. This year our team was helped tremendously by Goal-tender Dep Chin, who along with Captain Henry Smith, Themis Metallides, John Sarianides and Alex Sideropoulus, did an outstanding job in keeping us in all the games. Other members of the team who contributed to this fine season were Jose Espinosa, Sergio Kogan, James Lau, Richard Lau, Chor Lee, David Lum, Thomas Mui, Enrico Shwimmer, and Po Yee Wong.



First row: Chor Lee, Richard Lau, Jose Espinosa, Henry Smith, Alex Sideropolis, Jacques Menard, Matthew Hefez, Themes Metallides. Second row: James Lau, Benny Lui, John Sarienidies, Po Yee Wong, Enrico Schwimmer, Mr. Cicciu (Coach). Third row: Thomas Mui, Sergio Kogan, Nick Theonides, David Lum, Elias Majid.
